

# LP332c/LP335c

PRINTERS

*Full-color network printing and fast, efficient performance*

*Powerful network-ready laser printers with integrated security  
and professional finishing that generate cost-effective,  
high-quality color output for workgroup environments*

*your document management partner*

# Upgrade to a faster, more powerful color printer

There is no denying the impact color output has on business communications. For many organizations, the problem is the impact color has on the budget. Specifically, when legacy inkjet printers and personal desktop printers handle heavy color workloads, operating costs increase and productivity drops. Workgroups require powerful color laser printers that can deliver affordable business-quality results. The Lanier LP332c and LP335c color laser printers offer fast speeds, high image quality, and advanced network compatibility, plus a very affordable color cost-per-page. These printers enable users to consolidate an existing fleet of printers to make maintenance easier, workflow more efficient, and operating costs significantly lower. Plus, they offer innovative paper handling, security, and finishing capabilities not found on most color printers — so you get maximum versatility, convenience, and value.

## **Reduce operating costs**

The LP332c and LP335c offer more powerful network interfaces, more RAM, faster job processing, and quicker RIP time. These printers deliver up to 28 or 35 pages per minute in full-color and up to 32 or 35 pages per minute in monochrome, matching the speed of high-end, dedicated black-and-white systems. Connecting these productive color printers to the network enables easy fleet consolidation, so workgroups can increase color print volume and eliminate expensive help desk support and maintenance costs for desktop printers and overworked inkjet systems.

## **Protect information assets**

Because the LP332c and LP335c printers are network-ready, they can provide superior security compared to stand-alone systems. These systems offer several built-in security features to protect intellectual capital from targeted threats. SmartDeviceMonitor enables users to encrypt print data using secure socket layer (SSL) technology, and protects sensitive data as files are sent across the network or Internet. With the network data protection unit, each printer can create a unique data stream, providing additional data encryption protection. Both systems also feature secure print/lock print, which requires users to enter a PIN code at the control panel to release the print job. This convenient feature is more reliable and cost-effective than using expensive personal office printers to protect confidential information.

*Innovative polymerized toner delivers clear, precise images for graphics-intensive jobs and helps reduce operating costs.*

*The LP332c and LP335c handle a wide range of paper stocks and sizes to meet virtually any job requirement.*

### **Flexible paper handling and finishing**

The LP332c and LP335c offer more advanced handling and finishing options than most laser printers so you can produce postcards, storyboards, posters, and other graphics-intensive communications. Create a wide range of professional documents with options such as a document finisher, a booklet finisher with stapling, and a hole-punch. Duplexing comes standard on some configurations and operates at the full-rated speed to cut paper usage in half. With three optional paper trays, the printers feature a total paper capacity of 3,100 sheets. Plus, they accept up to 12" x 18" documents for 11" x 17" full-bleed through the bypass.

### **Enhance business-color output**

Choose the LP332c and LP335c for exceptional image quality and vivid color that jumps off the page. Each printer delivers color output with resolution up to 1200 x 1200 dpi. Innovative polyester polymerization PXP™ toner with more uniform particles helps ensure sharp, crisp images. The toner also eliminates fuser oil, making the printers easier to maintain.

### **Convenient, easy-to-use upgrades**

Add functionality to the LP332C and LP335C with two easy-to-use upgrades. The IS300e is a full-color, network-ready image scanner that integrates seamlessly with these printers, enabling document storage and distribution, and occasional copying for originals as large as 11" x 17". You can also attach a digital still camera for printing full-color images directly without a PC. This helps real estate agencies print photos for property listings, and allows insurance firms to print images for processing claims faster.

## **High-end color printing and outstanding value**

### **About Lanier**

Lanier Worldwide, Inc. is a wholly owned subsidiary of Ricoh Corporation, the Americas sales and marketing unit of Ricoh Company, Ltd., a \$17.1 billion global manufacturer of digital copier/printers. Lanier helps its customers succeed by understanding their unique document management needs and delivering systems and services that increase efficiency, reduce cost, and improve document workflow. Award-winning solutions include digital multifunction products (color and monochrome), printers (color and monochrome), multifunction facsimile, scanners, digital duplicators, and wide format systems, as well as facilities management and outsourcing services.

# LP332c/LP335c

## SPECIFICATIONS

### CONFIGURATIONS

Color Laser Printer	w/Duplexing	w/Trays	Network-enabled
LP332c dn	•		•
LP332c dtn	•	•	•
LP335c dn	•		•
LP335c dtn	•	•	•

### BASE SYSTEM

Configuration	Desktop
Technology	Laser-beam scanning, electro-photographic printing with dual-component toner development, four drums tandem method
Resolution	True 1200 x 1200 dpi; 1200 x 600 dpi; 600 x 600 dpi
Printing Speed (@600 dpi)	LP332c: 32 ppm monochrome/ 28 ppm full color LP335c: 35 ppm monochrome/ 35 ppm full color
First Print Speed	Monochrome: 11 seconds or less Full Color: 12 seconds or less
Dimensions (W x D x H)	22.6" x 26.7" x 29.3" (575mm x 678mm x 745mm)
Weight (Base Unit)	187 lbs. (85.0 kg)
Warm-up Time	LP332c: Less than 99 seconds LP335c: Less than 79 seconds
Power Source	120V, 60Hz
Power Consumption	LP332c: 1200W or less LP335c: 1500W or less
Energy Saver Mode	17W or less
Paper Capacity	Up to 3,100 sheets with optional finishers LP332c/LP335c (duplex): 1,100 sheets (500 x 2, plus 100-sheet bypass tray) LP332dtn/LP335dtn: 1,600 sheets (500 x 3, plus 100-sheet bypass tray)
Output Capacity (Std/Max)	Standard: Face up – 100 sheets; Face down – 500 sheets
Paper Sizes (Max)	Paper Trays/Optional Trays: 8.5" x 11", 8.5" x 14", 11" x 17", 7.5" x 10.5", 8" x 13", 8.25" x 13", A5, A4, A3 Bypass Tray: Width: 3.5" to 12" (90mm to 148mm), Length: 5.8" to 18" (148mm to 457mm) RPCS driver: Up to 49.6" (1,260mm)
Paper Weights	Paper Tray/Optional Tray: 16 – 43 lbs. Bond Bypass Tray: 14 – 43 lbs. Bond, 90 lbs. Index LCT: 16 – 28 lbs. Bond
Acceptable Paper Types	Plain paper, labels, transparencies, envelopes, glossy paper

As an ENERGY STAR® Partner, Lanier Worldwide, Inc. has determined that this product meets the ENERGY STAR® guidelines for energy efficiency.

### CONTROLLER SPECIFICATIONS

CPU	Celeron 733MHz
Printer Languages	Adobe PostScript 3, PCL 5c and PCL 6 emulation, RPCS, PDF Direct, and optional PicBridge
Fonts	PS 3: 136 Type 1 fonts PCL: 45 fonts (TrueType: 10 fonts, Intellifonts: 35 fonts)
Memory	256MB RAM standard; Up to 512MB RAM maximum (one free slot)
Standard Interfaces	10/100 Base-TX Ethernet, USB 2.0
Optional Interfaces*	IEEE 1284 Parallel, IEEE 1394, Wireless LAN (IEEE 802.11b, IEEE 802.11a/g), Bluetooth Wireless, Gigabit Ethernet, USB Host I/F
Network Protocols	TCP/IP, Novell IPX/SPX, SMB (NetBEUI, Net BIOS over TCP/IP), AppleTalk
Drivers	RPCS, PCL 5c/6, and PS: Windows 95/98/Me/NT 4.0/2000/XP/Server 2003; PS: Macintosh 8.6 or later, OS X (v.10.1, 10.2, 10.3); UNIX: Solaris, HP-UX, RedHat, Linux, SCO, IBM AIX
Print Utilities	SmartDeviceMonitor for Administrator and Client, Printer Utility for Mac, DeskTopBuilder V2 Lite, Font Manager 2000

### PAPER HANDLING ACCESSORIES

1 x 500-Sheet Paper Feed Unit
2 x 500-Sheet Paper Feed Unit
2,000-Sheet Large Capacity Tray
SR960 Document Finisher
SR950 Booklet Finisher
Punch Kit for SR960
Punch Kit for SR950

### SCANNER UPGRADE OPTION

IS300e Image Scanner	Scan-to-Email, Scan-to-Folder, Scan-to-FTP, TWAIN scanning, Scan-to-Print
<i>The IS300e scanner table is recommended for use with the LP332c dn, LP332c dtn, LP335c dn, and LP335c dtn configurations.</i>	

\*Only one additional interface can be installed.
