milner.com/technology-showcase

Is your business embracing the latest in office technology?

Join us for our 8th Annual Business Technology Showcase to find out! Get insights from some of the industry's top manufacturers and hear from a world class cybersecurity expert. This is a showcase you don't want to miss!

FEATURED SOLUTIONS & SERVICES:

- **Managed IT & Security**
Is your business' network secure and operating at optimal efficiency?
- **Copiers & MFPs**
Discover ways to increase efficiency and lower document output costs.
- **Business Phone Systems**
See how Unified Communications is changing the way we communicate.
- **Document Management**
Capture paper documents smarter and faster put your information to work.

Special Guest Speaker Patrick Kelley

We are excited to announce Patrick Kelley as the day's Keynote Speaker. With more than 20 years of experience in the Information Management and Security field, Patrick has spoken on panels with members from the FBI, CIA, NSA, and is a reoccurring guest on 11 Alive and NBC News. His presentation, *CyberZoology: Protecting Your Organization From New Breeds Of Attacks* will explore the tactics and motivations of hackers and how to protect your organization from some of the world's savviest cyber criminals. We encourage you to join us with your questions.

Bring Your Office to the 21st Century

We've got a full day of excitement planned. Don't miss the chance to network with business professionals from all over Atlanta.

Highlights for the Day

- Get insight from a cybersecurity expert
- Free Ticket to the GA Aquarium
- Catered Lunch from Wolfgang Puck
- Networking with Industry Leaders
- Prizes & Giveaways
